PB S190-23ES 4×4

Self-propelled Scissor lift
18,85 m Working height
2,31 m Total width
indoor + outdoor

- With an impressive working height of 18.85 m and a powerful electro-hydraulic drive, this scissor lift is ideal for assembly, installation, and maintenance work—indoors and outdoors—on construction sites or industrial grounds.
- The spacious platform, measuring up to 7.20 m x 2.22 m (standard: 4.50 m x 2.22 m), offers ample workspace for up to four people and, thanks to its immense total load capacity of 1,000 kg, effortlessly accommodates heavy materials and tools as well.
- The 4-wheel drive and standard differential lock deliver powerful off-road propulsion, supported by a 30% gradeability, 0.35 m ground clearance,and a tight turning radius.
- The automatic outrigger system provides optimal leveling of the lift directly on site, significantly increasing stability, sturdiness, and safety.
